---

Wouldn't it be great if your Industrial lubricant supplier was concerned about how "Little" they sold you!

## **APOLLO OIL DOES!**

As a partner in *responsible lubricant use*; we want to assist you in getting the most out of every drop of lubricant.

To Kick off this campaign Apollo Oil is offering a 2 hour training program on "*Lubrication Fundamentals*" for your maintenance department. No matter who you purchase your lubricants from, no obligation and no cost, but potentially a lot of savings.

This Training will be conducted by a STLE Certified Lubrication Specialist and cover these subjects:

- Lubricant Basics
- Lubricant Storage and Handling
- Reducing consumption
- Problem solving

Go to [www.apollooil.com](http://www.apollooil.com) and register for "Lubricant Training 101" and we will contact you to schedule a session or call 859-351-5813.

Products you need...Experience to save you money.
