

HD GREEN CLEANER

HD Green Cleaner is a mildly alkaline blend of surfactants and wetting agents. HD Green has a pleasant wintergreen odor, is free rinsing, and will leave no white alkaline film on cleaned surface.

APPLICATIONS

For general purpose cleaning, HD Green is used from 5% by volume with water to full strength. Application is by immersion, manual spray and rinse, or manual spray and wipe methods. When used in food plant applications, use of HD Green must be followed by a thorough rinse with potable water.

PRODUCT CAUTIONS

WARNING! May cause skin or eye irritation. May be harmful if swallowed. Contains sodium metasilicate. Wear safety eyewear and protective gloves during use.

EMERGENCY FIRST AID:

EYES & SKIN: Immediately flush with large quantities of cool water continuously for at least 15 minutes. Call a physician. Remove contaminated clothing and shoes. Do not put contaminated clothing and/or shoes back on. Wash clothing and shoes thoroughly in soap and water; rinse repeatedly in clean water and dry before reuse.

INGESTION: Do not induce vomiting. Give water. Never give anything by mouth to an unconscious person. Call a physician.

KEEP FROM FREEZING

If use is contemplated for purposes other than, or by methods different from those specifically recommended herein, please contact the manufacturer for advise.

FOR INDUSTRIAL USE ONLY - KEEP OUT OF THE REACH OF CHILDREN
